Higher Education Database (WHED)

## Draft Agenda

- 10:00            Opening and Introductions**
- Welcome by EQAR, EUF and European Commission
- Background to the meeting
- Introduction of participants
- 10:45            A Higher Education Interoperable Data Initiative (HEIDI)**
- Presentation of the general idea and Mission Statement by  
Anthony F. Camilleri, KIC
- General discussion on HEIDI & and the Mission Statement:
- Need for the initiative
  - Working methods
  - Key organisations
  - List of problem domains
- 11:45            Break**
- 12:00            Problem Domain: Higher Education Institution Identifiers**
- Presentation of the white paper by Colin Tück, EQAR
- Discussion on HEI Identifiers, focused on Use Cases
- Note: Discussion should focus around problematisation / use cases, in line with the proposed working methods. The technical group should then come up with an independent set of proposals that can address these issues.*
- 12:45            Next Steps**
- Nomination of a (generic) Policy Group
  - Nomination of a Technical Group on HEI Identifiers
  - Next meeting
